Department of the Defense, Office of the Under Secretary of Defense for Policy, IT Services

OUSD(P) IT SERVICES CONTRACT DESCRIPTION

Since 1985, the Office of the Under Secretary of Defense for Policy (OUSD(P)) has contracted with AIS to provide a full range of IT services in support of OUSD(P) customers and their field activities, including all the following tasks associated with their Mission IT Support Services program:

- Program Management
- Account Administration
- Application Server Support
- Asset Management and Warehouse Support
- Database Analysis and Application Development
- Helpdesk
- Installation Services
- Network Engineering
- Project Management & Coordination
- Telecommunications Support
- Executive Support
- Customer Engagement Managers
- Miscellaneous Ad Hoc Short Term Requirements

AIS provides IT services that are utilized on a daily basis by OUSD(P) personnel to meet their objectives in providing support directly to the Secretary of Defense and the President of the United States on a broad range of national security and defense issues in both unclassified and classified environments. Throughout this lengthy period of performance, OUSD(P) personnel have consistently acknowledged the high quality of service delivered by AIS and have greatly valued the IT advice and vision provided by AIS. Most recently, AIS has been tasked by OUSD(P) to create an array of mission critical applications based on the Microsoft SharePoint platform that operate on a 24x7x365 basis for nearly 2,000 unique users. Because of these efforts, AIS is recognized within the Office of the Secretary of Defense for being the leader in SharePoint application development capability within the OSD community.

ABOUT THE OFFICE OF THE UNDER SECRETARY OF DEFENSE FOR POLICY

OUSD(P) is the principal staff assistant and advisor to the Secretary of Defense and the Deputy Secretary of Defense for all matters concerning the formation of national security and defense policy. OUSD(P)'s mission is to consistently provide responsive, forward-thinking, and insightful policy advice and support to the Secretary of Defense, and the Department of Defense, in alignment with national security objectives. In order to support OUSD(P)'s mission, the Enterprise Information Services (EIS) Directorate provides IT services to support mission applications. A primary EIS goal is to ensure OUSD(P) users have reliable and state-of-the-art automation capability with an emphasis on customer service.

OUSD(P) offices consists of the Assistant Secretary of Defense- International Security Affairs, Assistant Secretary of Defense-Global Strategic Affairs, Assistant Secretary of Defense-Homeland Defense and Americas Security Affairs, Assistant Secretary of Defense-Special Operations/Low-Intensity Conflict & Interdependent Capabilities, Assistant Secretary of Defense-Asian & Pacific Security Affairs, Deputy Under Secretary of Defense Strategy, Plans, & Forces, and Deputy Under Secretary of Defense Policy Integrations & Chief of Staff to include 3 field activity (Defense Prisoner of War/Missing Personnel Office (DPMO), Defense Security Cooperation Agency, Defense Technology Security Administration (DTSA)) offices. OUSD(P) has approximately 1,000+/- users, 8,000+ IT assets, and 75+/- offices within the Pentagon and National Capital Region to support its mission.

ABOUT AIS

Founded in 1982, AIS provides software and systems engineering services to companies and the U.S. government. AIS builds software solutions for forward-thinking IT departments, including human workflow applications, portals and websites, enterprise content solutions, digital archives and more – in and out of the cloud. AIS is a top-tier Microsoft partner and a recognized SharePoint expert, having built many solutions that provide organizations with the ability to collaborate and share information across the enterprise. AIS has Top Secret Facilities Clearance and over 75% of employees hold Secret, Top Secret and Top Secret/SCI clearances. Headquartered in Reston, Virginia, AIS has 5 U.S regional offices and one in India.

AIS has been responsible for providing IT services that support mission applications for OUSD(P) since 1985.
